

National Agency for Automotive Safety and Victims' Aid (NASVA) E-learning Course for Light Cargo Vehicle Safety Manager Training

NASVA offers an e-learning course for the Light Cargo Vehicle Safety Manager Training, mandatory for those engaged in light cargo vehicle transportation services (the course is available in Japanese only). Those required to take the course are requested to review the following information and register for an available course.

The participant must complete the course within 30 days (720 hours) from the course fee's payment date. During this period, the participant must watch all the lecture videos and take the quiz. Upon completing all lecture videos and the quiz, you can download the digital certificate of completion in a PDF file.

During the course, participants' attitudes are automatically monitored by AI. If any misconduct is detected, the lecture videos will be paused. Taking the course while driving is strictly prohibited.
